SUPPLEMENTAL RESPONSE TO ACTION OF SEPTEMBER 6, 2006

Claims 1, 3 to 5, 8 to 10, 12 to 14 and 16 to 27 are pending in this application of which claims 1, 10, 14, 18 and 23 are the independent claims.

Applicants are resubmitting the terminal disclaimer because the signer of the original terminal disclaimer believed in good faith that he was an attorney of record. He subsequently determined that he was not an attorney of record. Accordingly a new revised terminal disclaimer is being filed signed by a proper attorney of record.

Claims 1, 3 to 5, 8 to 10, 12 to 14 and 16 to 27 were rejected on the ground of nonstatutory obvious-type double patenting as being unpatentable over claims 1 to 15 of U.S. Patent No. 6,941,438. Applicants enclose herewith a revised terminal disclaimer. Applicants request removal of the obviousness-type double patenting rejection.

Applicants submit that the entire application is now in condition for allowance. Such action is respectfully requested at the Examiner's earliest convenience.
